

Sample Scenario and Background Information (Production Project)

| | |
|------------------------------------|---|
| Project topic (專題題目) | Producing a souvenir for YC Open Day |
| Scenario (情景) | Youth College (YC) organises an Open Day every year to promote different study programmes. For the Open Day this year, the Pro-Act Centre (PA Centre) is going to hold a workshop for visitors to experience 3D printing. As a student of the PA Centre, you are going to design and produce the prototype of a 3D printed keychain to be used in the demonstration workshop and given to the visitors. |
| Potential problem (潛在問題) | <ul style="list-style-type: none"> It may be difficult to attract visitors to join the workshop. Visitors may not be willing to wait very long for the keychain production. |
| Your task (你的任務) | <ul style="list-style-type: none"> Design and produce the prototype of a 3D printed keychain. Collect stakeholders' feedback about the prototype. |
| More information (更多資料) | Project team can start with the following: <ul style="list-style-type: none"> Discussing and sketching the design of the 3D printed keychain. |
